	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
, 6-11 -	
rощо	wing limitations and conditions: This permit is issued subject to all existing ghts on the source. It is understood that the amount of water hereing anted is only a temporary allowance and that the final water right.
ob	tained under this permit will be dependent upon the amount of water
ac	tually placed to beneficial use. It is also understood that this
ri	ght must allow for a reasonable lowering of the static water level
at	permittee's well due to other ground water development in the
ar	ea. A substantial weir or other type of measuring device must be
	stalled and measurements of water use kept. The well shall be
•••	
ea	uipped with a 2-inch opening for measuring depth to water. If well
